A vibrant, cartoon-style illustration depicting the diverse members of the gut microbiome. In the center is a large, orange, segmented character representing the intestinal lining. Surrounding it are several friendly-looking characters: a white oval with a small brown sprout on its face; a blue teardrop shape with a gentle expression; a blue circle containing a green checkmark and a small heart; a yellow sphere; a green character shaped like a scrub brush; and a blue teardrop character at the bottom. The characters are set against a pink circular background on a light green surface.
